

Bioempreinte Mask with ORGANIC rice powder

Ref.H00047A

98.9% of the total ingredients are of natural origin.
10.00% of the total ingredients are from Organic Farming.

Natural and Organic Cosmetic certified by ECOCERT Greenlife according to ECOCERT Standard available at <http://cosmetics.ecocert.com>

Technature proposes an organic certified peel-off mask: an innovative powder formula which will enrich your range of organic certified cosmetic products.

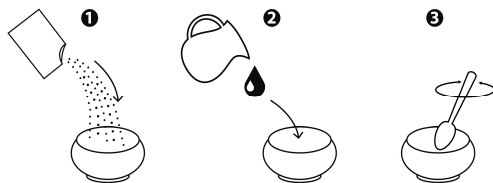

Thanks to a unique gelling process, Technature has developed an organic certified peel-off mask meeting the requirements of the frame of reference Ecocert for natural and organic certified products.

The formula contains 10% of organic rice powder. The rice powder offers softness to the skin, and a smooth and velvety touch as well. This Bioempreinte mask comes in the form of an ultra-fine white powder which gels when mixed with water thanks to its high content in alginates; the mask which is created has a perfect « second skin » effect improving the active ingredients diffusion of the treatment previously applied. The unique stretched texture offers a comfort feeling during the mask setting through both a skin-tightening effect and a fresh effect. This mask is an ideal base for the ranges of organic certified professional treatments.

Do not hesitate to personalize the mask according to your brand value.

Dose: 30g of powder and 90ml of water

Pour all the water at once on the powder, stir quickly and vigorously during one minute to get a homogeneous paste. Use water at 20-25°C.

Apply the paste immediately to the face while avoiding the eyes contour. The mask sets in 6 minutes following the application. Leave the mask to perform its function at least 15-20 minutes. Remove by peeling it off in one whole piece.

Use before: 29 months
Avoid heat, light and humidity.
